

WHOOPING
COUGH

One of the most distressing sights, is to see a child almost choking with the dreadful whooping-cough. Give the child Dr. Bull's Cough Syrup, the greatest pulmonary remedy, and relief will come at once, the coughing spells will re-occur less frequently, and, in a few days, the sufferer will be entirely cured. No other remedy can boast of so many cures.

Dr. Bull's
Cough Syrup

Cures Whooping-Cough quickly. Does not irritate the throat. Doctors recommend it. Price 25 cts. At all druggists.

CENSUS EMPLOYES

Few Places Above the Grade of Class 1 at \$1,200 Per Year.

YOUNG MEN AND WOMEN

To Be Employed as Enumerators, Whose Term of Service Will Not Exceed Thirty Days, at \$1.50 Per Day—What Acting Director Wines Says.

Washington, March 15.—Acting Director of the Census Wines yesterday gave out a statement designed to offset the belief that a large number of census appointments will be made at once.

It says that under census act not more than 60 places are provided for above the grade of class one, with a maximum compensation of \$1,200 per year, and that one-fourth of these are staff positions for which none but experts need apply. Applicants for clerkships of higher grade than class one are expected to enter lower classes and be promoted on merit.

All employees at over \$600 per year, it is stated, will undergo an educational test. Applications to the director for appointments as enumerators are stated to be useless, the supervisors, who get \$1,000, appointing them. Enumerators employment will not exceed 30 days, with a compensation of about \$1.50. Special agents will not be needed before June, 1900. They will be paid not to exceed \$6 per day with traveling and subsistence allowance, and their qualifications should be of a good commercial traveler of a wholesale house. All applicants should be accompanied by recommendations and the number of employees will average about one to every county in the United States. The statement concludes: "Young and vigorous men and women, in the prime of life, will have the preference over the aged and discredited, whose poverty may move compassion, but whose practical utility for the purposes of the census office is on the wane or at an end."

WILL BE SUSTAINED

In Shutting Off Spanish Negotiations For Release of Prisoners.

Washington, March 15.—General Otis, in forbidding further negotiations between the Spanish at Manila and the insurgents, touching the surrender of the Spanish prisoners held by the latter, acted upon his own authority. The government has not sent him any instructions upon this point, but it will unquestionably support him to the extreme in any action of that kind he may take.

In preventing the Spanish government from negotiating directly with the insurgents, it is said here that General Otis undoubtedly was correct in his attitude. Inasmuch as the ratification of the peace treaty has not been effected, the United States and Spain are still technically in a state of war, qualified only by the operation of the protocol suspending hostilities. In this condition there is no authority on the part of the Spaniards to negotiate with the insurgents without the explicit consent of the United States.

Under the rules of war alone there would still be ample warrant for any action General Otis might take calculated to prevent the insurgents from receiving supplies of food, clothing, munitions of war or money, for the latter can always, with more or less difficulty, be resolved into the former, even in the face of a blockade. If the Spanish minister of foreign affairs feels called upon to address himself respecting this subject to the state department, directly or indirectly, he undoubtedly would be informed that General Otis must be sustained.

PYRO-CELLULOSE

New Powder Believed to Be Better Than the Smokeless Article.

Washington, March 15.—The navy department is ready to take whatever steps may be necessary in carrying out

the provisions of the naval bill for the purchase of smokeless powder during the coming year. It is not intended to antagonize the commercial interests involved in this line of manufacture by throwing the whole burden of production upon the government plants. The government has a plant at Indian Head, which, when completed, will turn out a maximum product of about 3,000 pounds a day. But this will in no way compete with the private manufacturers.

The navy has now a powder known to the profession as Pyro-Cellulose, which is equal to if not better than any smokeless powder used by foreign powers. Contrary to reports the new powder, which has been tested by the navy under service conditions, is not only not injurious to the guns now in use, but has been so nicely adjusted to their requirements that it has increased their efficiency on an average of 500 feet per second.

Not Villamel's Body.

Washington, March 15.—The secretary of the navy yesterday afternoon received the following telegram, dated Portland, Ore., March 14, from Assistant Engineer Proctor: "Remains found in chair about four miles west of Santiago as reported in today's newspapers, not those of Villamel, but of Spanish seaman. Report follows by mail."

Treasury Statement.

Washington, March 15.—The statement of the condition of the treasury shows: Available cash balances, \$377,651,572; gold reserve, \$240,913,965.

INDUSTRIAL COMMISSION

Hears the Views of National Grange Master Jones.

Washington, March 15.—National Grange Master Aaron Jones of Indiana was before the industrial commission yesterday. He expressed the opinion that the railroad companies should not be allowed to arbitrarily fix rates. He also asserted that the trusts should be controlled and suggested the lowering of the salaries of government officials. "I remember," he said, "when the salaries of congressmen were increased from \$3,000 to \$5,000. This increase was made on the plea that the purchasing power of the dollar had decreased. Now that there has been an increase in the purchasing power we hear of no agitation for a reduction of salaries."

Mr. Jones asserted that the farmer is unfairly and inequitably taxed, one fourth to one-third of the income of the average farm in Indiana being necessary to pay the tax levied upon it; suggested legislation looking to uniformity in taxation; was favorable to a uniform income tax, but opposed the inheritance tax. On the question of immigration he said the Poles were most non-assimilable of all foreigners. They insist upon maintaining their own schools for the preservation of their language and religion. He mentioned one community in Indiana where there were 1,500 Polish children, not one of whom attended the public schools.

Additional Recruiting Stations.

Washington, March 15.—The following additional recruiting stations have been established for the purpose of enlisting men to fill the regular army up to the maximum of 65,000 allowed by the new army law: Allegheny, Pa., Charleston, S. C., Chicago, Dayton, O., Fort Wayne, Ind., Knoxville, Tenn., Memphis, Tenn., Norfolk, Va., Savannah, Ga., Seattle, Wash., St. Paul, Minn., Minneapolis, Minn., Sterling, Ill., and Wheeling, W. Va.

Army Canteen Forbidden.

Washington, March 15.—Secretary Alagar has issued an order quoting the paragraph in the army law abolishing the canteen and prohibiting the sale of liquor on army reservations. It is stated the provision of the law is published for the information of all concerned.

Age Limit Increased.

Washington, March 15.—An order has been issued by the war department increasing the age limit for enlistment from 30 to 35 years. The youngest age at which a man may be enlisted is 18 years. The results so far for the enlistment of troops is very encouraging.

THE UNITED STATES

General Gomez Says It Is the Only Power He Recognizes.

Havana, March 15.—General Gomez says he recognizes only one power in the island—that of the United States. All that the Cubans can do, he declares, is by permission of the American authorities, and therefore the military assembly can only talk. In his opinion the assembly is acting as it does because it wants to get more money out of the United States. In this connection he points out that the assembly first proposed to ask for \$80,000,000. As for himself, he avers that he is not a beggar. The United States government offered the \$8,000,000 and he has never asked an increase in the gift. Indeed, he says, to ask more would be undignified and improper.

To all callers General Gomez speaks lightly of the assembly, declaring that it was his creation, as he did not wish to appear a dictator, and that the real military members, who took no part in the vote to depose him, will now resign. He calls the assembly "a collection of black clouds, with much thunder but little rain."

The military assembly met yesterday afternoon with the ordinary guard. Most of the time was occupied in discussing the pronouncement which is to be issued with a view of justifying last Saturday's action in the eyes of the people.

General Sanguily introduced a motion protesting against the acceptance of the \$8,000,000, preceding it with a long preamble declaring that the assembly was ready to co-operate with the United States in maintaining order in Cuba.

The motion called for the adoption of the resolutions "in the name of the armed people of Cuba." The first extended the thanks of the assembly to the United States for aid during the recent war. The second thanked the United States for the offer of \$8,000,000, but went on to assert that "owing to the assembly's exact knowledge of the needs of the Cuban soldiers, its members consider it their duty to declare the amount insufficient."

TO ADVANCE PRICES

Coffin Manufacturers, Bottle Makers and Indiana Coal Operators.

Chicago, March 15.—Coffin manufacturers, makers of green glass and flint bottles and the owners and operators of the coal mines in Indiana met here yesterday for the purpose of increasing prices on their products. Each of the meetings was held behind closed doors, and inquiries for information were met by the officers and members of all these associations by a refusal to disclose anything.

The object of the manufacturers and coal mine owners was admitted to be to advance their interests both in prices and regulating competitors. The bottle manufacturers met in the Grand Pacific in separate rooms, the green bottle manufacturers and the flint bottlemakers belonging to separate organizations. The present condition of the market was discussed at both sessions. A joint meeting was then held and the manufacturers of both kinds of bottles agreed that they could secure better prices. A plan for a joint organization was submitted and will be acted upon later.

SALT TRUST

It Will Be Called the National Salt Company—Capital \$12,000,000.

New York, March 15.—It was reported that the evaporated salt interests of this state are being brought together under the title of the National Salt company. It will have an authorized capital of \$12,000,000 of which \$5,000,000 is noncumulative 7 per cent preferred stock and the remaining \$7,000,000 common.

Sheet Steel Trust.

Pittsburgh, March 15.—It has developed here that ex-Judge W. H. Moore of Chicago, the successful promoter of trade combinations, has had placed in his hands the engineering of a combine of sheet steel manufacturers. It is stated that options have been taken on a large majority of the plants, including all except one of the larger concerns. The capitalization of the combine is put at \$50,000,000.

CHOPPED HIS WIFE

To Pieces and Burned the Remains In a Stove.

Chicago, March 15.—August A. Becker, the sausage maker, who has been under arrest four weeks on a charge of murdering his wife, made a full confession last night. He said that he cut his wife to pieces and burned the remains in a stove.

President at Thomasville.

Thomasville, Ga., March 15.—The presidential party arrived here yesterday afternoon. The party was met at the station by Mel Hanna, brother of the senator, Mayor Hopkins and a number of prominent citizens. The distinguished visitors were immediately driven to Senator Hanna's house on Dawson street. By special request there was no demonstration, but there was a wealth of bunting and decoration everywhere.

Increases Wages.

Cleveland, March 15.—At the Crescent tinplate mill in this city, which is controlled by the tinplate trust, a notice has been posted to the effect that the wages of the employees of the plant have been increased. The advance ranging from 5 to 10 per cent. The maximum increase. The advance is to take effect from March 1. Three hundred men are benefited.

Major Stonestreet Dead.

Kansas City, March 15.—Major Henry Stonestreet died at the home of his daughter here yesterday. Major Stonestreet was born in Lexington, Ky., in 1832 and won his title in the confederate army serving through most of the war as quartermaster of General Joe Shelby's brigade.

Gone to Porto Rico.

DRIVING THE ENEMY

United States Cavalry Attacks a Rebel Stronghold In the Jungle.

SCOTT'S BATTERY AT WORK

Necessary For General Wheaton to Change His Plans—Rebels Cross the River From Pasig and Engage Two Companies of the Second Oregon, Who Retire After a Sharp Fight.

Manila, March 15.—General Wheaton's brigade continues the work of clearing out the rebels around Pasig.

The Washington volunteers have captured and burned Pateros, meeting with a sharp fire from the enemy while crossing the river.

Today's fighting was like that of the past week, the insurgents occasionally making a stand, but eventually fleeing. Their loss is supposed to have been small, as the Americans were unable to see the enemy in the thickets. The progress of the American's advance is slow.

Manila, March 15.—Late yesterday General Wheaton's column encountered the enemy in such force between Pateros and Taguig as to necessitate a change in the original plans. The cavalry attached a rebel stronghold in the jungle driving the enemy into Pateros. The Americans had one man killed and three wounded.

Scott's battery shelled the city and woods effectively. Later the enemy crossed the river from Pasig. Two com-

ppanies of the Second Oregon infantry cleared the right bank after a sharp engagement, and then retired with three wounded. In the meantime the Washington volunteers closed in driving small bodies of the rebels back upon Pateros. One man was killed. During the night the enemy burned the town of Pasig.

CLERICAL PAPERS

Of Mexico Cultivating Distrust of the United States.

Mexico City, March 15.—Cecil Rhodes' predictions regarding the absorption of the Latin American countries continue to give text for innumerable editorials in clerical party papers, for his prophecies are in line with their utterances for years, as they never lose an opportunity to cultivate distrust of the United States and the American people. The liberal party papers pay no heed to Rhodes, who is regarded as having no special knowledge of the new world affairs. During the administration of President Diaz, owing to the largely increased facilities of transportation and the employment of men of all shades of political opinion under the government an arm of good feeling has dawned and the result is a more intensely patriotic feeling than ever before. The administration, while liberal in politics, gives employment even in important positions to old Imperialists and Conservatives and so has brought out a sentiment of harmony. The clerical papers appeal largely to the unthinking people and are actuated by motives which are not always apparent. The systematic abuse of the United States influence and by the general European dislike of American people and jealous of their progress, but these papers by no means represent the intelligent opinion of the intelligent majority of Mexicans.

COLONEL SMITH

Tells of His Purchase of Beef For the Army.

Chicago, March 15.—Colonel O. M. Smith, purchasing agent of the government at Chicago since 1895, testified yesterday before the government court of inquiry that the stores of canned roast beef bought by him during the Spanish war were all upon the direct order of General Egan, the commissary general. He also stated that some purchases of canned beef were made without his knowledge by the commissary general.

Good progress was made by the court yesterday, but the end of the list of witnesses to be examined in Chicago is not yet in sight.

Colonel O. M. Smith, who has been the purchasing commissary of the government at Chicago since 1895, testified he had purchased between May 11 and and July 19, 1898, 2,759,272 pounds of canned roast beef. The order of purchase came from the commissary general in every case.

At the request of Colonel Davis the witness produced copies of the orders. He said the orders were all rush orders. "What inspection were these purchases subjected to?" asked Colonel Davis.

"They were only inspected by sample."

"In some cases I see the price of deliveries on the same day varies 1 or 2 cents a pound. What is the reason for that?"

"Those were not my purchases. They were made from Washington."

"Did you make any purchases of Libby, McNeil & Libby's second grade, known as the Emory brand?"

"I myself never bought any of the second grade of Libby's meat; this was purchased direct from Washington."

"Did you buy any canned meat of the second grade?"

"Well, the Hammond company submitted to me some samples which seemed good and I bought them, not knowing until afterward it was what they call their second grade."

"Did you purchase any refrigerated beef?"

"No sir, but I paid for a good deal of it."

On cross-examination Major Lee said: "You speak of purchasing this by sample under these rush orders that you received. What course, or method, was pursued as to comparing these samples brought to you with the stores purchased?"

"None. I took it for granted that they supplied the same stores that were represented by the samples."

Colonel Gillespie: "What reason was there for the commissary general making purchases in this market without your knowledge?"

"I do not know."

General Davis: "Did he ask you to send any samples of the Emory brand to him?"

"He simply notified me that he had purchased it and asked me to ship it."

Major Lee: "That purchase was not subjected to inspection?"

"No. I was simply ordered to ship it."

Witness stated that when he got samples he opened cans and in every instance examined the contents. Some of the meat was eaten by his clerks and also some by himself.

Grain-O Brings Relief.

to the coffee drinker. Coffee drinking is a habit that is universally indulged in and almost as universally injurious. Have you tried Grain-O? It is almost like coffee but the effects are just the opposite. Coffee upsets the stomach, ruins the digestion, effects the heart and disturbs the whole nervous system. Grain-O tones up the stomach, aids digestion and strengthens the nerves. There is nothing but nourishment in Grain-O. It can't be otherwise. 15 and 25c. per package.

VICK'S SEEDS

Bulbs and Plants have gone to thousands of satisfied customers for half a century, and to celebrate the 50th year in business, we have issued a special Golden Wedding Edition of

Vick's Garden and Floral Guide

which is a work of art. 24 pages lithographed in colors, 4 pages souvenir, nearly 100 pages filled with handsome half-tone illustrations of Flowers, Vegetables, Plants, Fruits, etc., elegantly bound in white and gold. A marvel in catalogue making; an authority on all subjects pertaining to the garden, with care for the same, and a descriptive catalogue of all that is desirable. It is too expensive to give away indiscriminately, but we want everyone interested in a good garden to have a copy, therefore we will send **Vick's Garden and Floral Guide** with a **DUE BILL** for 25 cents' worth of seed for **15 cents**. Tells how credit is given for full amount of purchase to buy other goods.

Vick's Little Gem Catalogue. A perfect little gem of a price list. It is simply the Guide condensed, finely illustrated, and in **FREE** handy shape, making it convenient and valuable for reference.

Vick's Illustrated Monthly Magazine, enlarged, improved, and up to date on all subjects relating to Gardening, Horticulture, etc. Regular price 50 cents a year. Special 1899 offer—the Magazine for one year and Vick's Garden and Floral Guide for only 25 cents.

Chamberlain's Cough Remedy.

This remedy is intended especially for coughs, colds, croup, whooping cough and influenza. It has become famous for its cures of these diseases over a large part of the civilized world. The most flattering testimonials have been received, giving accounts of its good works; of the aggravating and persistent coughs it has cured; of severe colds that have yielded promptly to its soothing effects, and of the dangerous attacks of croup it has cured often saving the life of the child. The extensive use of it for whooping cough has shown that it robs that disease of all dangerous consequences. It is especially prized by mothers for their children, as it never fails to effect a speedy cure, and because they have found that there is not the least danger in giving it, even to babies, as it contains nothing injurious. Sold by C. W. Milbous.

Drink Grain-O.

After you have concluded that you ought not to drink coffee it is not a medicine but doctors order it, because it is healthful, invigorating and appetizing. It is made from pure grains and has that rich seal brown color and taste like the finest grades of coffee and costs about 1/2 as much. Children like it and thrive on it because it is a genuine food drink containing nothing but nourishment. Ask your grocer for Grain-O, the new food drink. 15 and 25c.

Discovered By a Woman.

Another great discovery has been made and that too, by a lady in this country. "Disease fastened its clutches" upon her and for several years she withstood its severe tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking first dose that she slept all night; and with two bottles, has been absolutely cured. Her name is Mrs. Luther Lutz. Thus writes W. C. Hammick & Co., of Shelby, N. C. Trial bottles free at W. F. Peter's Drug Store. Regular size 50c and \$1.00. Every bottle guaranteed.

Glorious News.

Comes from Dr. D. B. Cargile, of Washita, I. T. He writes: "Four bottles of Electric Bitters has cured Mrs. Brewer of scrofula, which had caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help; but her cure is complete and her health is excellent." This shows what thousands have proved, that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expel poisons, helps digestion, builds up the strength. Only 50 cents. Sold by W. F. Peters, Druggist. Guaranteed.

Robbed an Old Lady.

Provincetown, Mass., was recently set in an uproar by the report that one of its citizens, Mrs. Thankful Chapman, 74 years old and a native of the town, had been the victim of a bold and aggressive robber. Several unsuccessful attempts were made to discover the perpetrator of the crime and recover the stolen property, but it was several weeks before his identity was fully established. In the meantime his victim was suffering greatly both in body and mind and it was feared she would not survive the shock. In speaking of her condition at the time Mrs. Chapman says:

"I suffered extreme nervousness for some time; could not sleep; but would lie night after night tossing and ralling about until I would become completely worn out. At spells my mind was greatly confused, and sometimes a numbness would settle down over me and I could not move. Then I began taking Dr. Miles' Nerve and the very first night I slept like a babe. I got better from that day on, and am now enjoying excellent health."

Dr. Miles' Nerve is grip's greatest enemy. It drives out the nervous forces, overcomes the excessive waste of the system, and replaces all that disease has robbed it of. It feeds and cures.

A trial package of Dr. Miles' favorite treatment for the grip, consisting of Dr. Miles' Restorative Nerve, Dr. Miles' Anti-Pain Pills and Dr. Miles' Nerve and Liver Pills, will be sent absolutely free of cost to any person sending name and address on a postal card, requesting the samples and mentioning the name of this paper. WEDNESDAY, MARCH 15, 1899.

TODAY David M. Geeting is succeeded in the department of public instruction by Frank L. Jones. Mr. Geeting has been at the head of the department the past four years and has proved himself a most capable, industrious and thorough-going official, one of the very best the state has ever had. His successor, Mr. Jones, though a young man, is one of the most aggressive and successful school men in Indiana, one who will push forward to a still higher plane the great work of education in the state.

Since the filing of the suit that promises to reveal some facts concerning the lynching of Marion Tyler, Scott county citizens are getting active. They are more anxious than ever to locate the guilty parties and have petitioned the commissioners to offer a reward for their apprehension and arrest. They want to show that the people of Scott county generally do not approve the work of the mob that took Marion Tyler from the cell and hanged him. Their anxiety is commendable but it would have been more so if their present activity had been shown two months and a half ago. But they can do good yet for they are moulding public sentiment right rapidly now.

We understand that Crothersville is to have a paper edited by Wm. Brown. We have not yet been able to learn the nature of the paper.

The school entertainment last Wednesday night was a grand success, the play "The Shamrock and the Rose" was presented in a highly creditable manner and everyone present were highly pleased with the play.

Crothersville boasts of probably the two youngest editors in the United States. They are Howard Kider and Leonard Baxter, each 14 years of age. They will publish this week the first issue of their paper, The Herald. It is a 4 page paper full of news and should be taken by everybody to encourage the boys in their work.

Our school is to close Friday on account of lack of school funds brought on by building the addition to the school house. That is a good policy, more building and less school but there is to be a subscription school and it is hoped it will be well attended.

The Young Men's Athletic club gave a reception at their club-room Friday night. Those present were entertained by the members of the club and were allowed full freedom in the clubroom. The evening closed with a course of refreshments served in honor of the ladies present.

Made a New Man of Him.

BRYAN, Ohio, Jan. 13, 1897.

Gentlemen:—For years I had been suffering from indigestion. Had a poor appetite and could not eat anything containing grease and had constantly had a worn out feeling. After using three 50c bottles of Dr. Caldwell's Syrup Pepsin I am now able to eat anything my appetite craves and can say it has made a new man of me.

There is more Catarrh in this section of the country than all other diseases put together and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case fails to cure. Send for circulars and testimonials.

Much canned fruit and potatoes were frozen during the recent cold weather.

There will be about three weeks school yet. They are preparing for a grand entertainment the last day.

Ed. Tiemeyer, our blacksmith, is making some arrangements to shoe horses, mostly for wild and mean horses.

There is a good deal of sickness here. Henry Krumme took sick last Friday and John Vande Walle has been very sick with bowel trouble but is now recovering.

John Vande Walle, jr., received a letter from Wm. Hill, Co. D, 161st Ind. vol. last week. He is well and says he would like to trade some oranges for snowballs.

Last Saturday while leading a young colt Willie Christopher, son of Fred Christopher, had his hand severely bruised and some fingers broken and crushed.

It is a good thing John Vande Walle has no strawberries to haul to Seymour now as it would take sixteen horses to pull one strawberry with the roads in such a condition as they are now.

Mrs. Morris' Letter to EVERY WIFE AND MOTHER.

[LETTER TO MRS. PINKHAM NO. 1436]

"I have taken eight bottles of Lydia E. Pinkham's Vegetable Compound with gratifying results. I had been married four years and had two children. I was all run down, had falling of womb with all its distressing symptoms. I had doctored with a good physician, but I derived very little good from his treatment. After taking a few bottles of your medicine, I was able to do my work and nurse my seven-month-old babe. I recommend your medicine to every wife and mother. Had I time, I could write much more in its praise. I bid you God's speed in your good work."—Mrs. L. A. MORRIS, WELAKA, PUTNAM CO., FLA.

"DEAR MRS. PINKHAM—When I commenced the use of your remedies I was very bad off. Every two weeks I was troubled with flowing spells which made me very weak. I had two of the best doctors, but they did not seem to help me.

"They said my trouble was caused from weakness and was nothing to worry about. I felt all the time I had no ambition. I was growing worse all the time until I began the use of Lydia E. Pinkham's Vegetable Compound. I am now able to help about the house, and am much improved in health."—Mrs. A. WALKER, CALICOON DEPOT, N. Y.

An Important Question.

If your friends or neighbors are suffering from coughs, colds, sore throat, or any throat or lung disease (including consumption), ask them if they have ever used Otto's Cure. This famous German remedy is having a large sale here and is performing some wonderful cures of throat and lung diseases. No matter what other medicines have failed to do, try Otto's Cure. Large sizes 25c and 50c. Sold by all druggists.

Drying preparations simply develop dry catarrh; they dry up the secretions which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh or cold in the head easily and pleasantly. A trial size will be mailed for 10 cents, large for 50 cents. All druggists keep it. Ely Brothers, 56 Warren Street, New York.

A New Car-Coupling Device.

Sam W. Buhner has a new device in the way of a car coupler that is attracting a great deal of attention, especially among railroad men. It is a safety appliance for coupling cars that seems to the layman to be practical and one that will find favor with railroad men and car builders. Mr. Buhner has spent a long time in perfecting it and has now applied for a patent, and we trust there is a fortune in it for him.

Grain-O Brings Relief.

To the coffee drinker. Coffee drinking is a habit that is universally indulged in and almost as universally injurious. Have you tried Grain-O? It is almost like coffee but the effects are just the opposite. Coffee upsets the stomach, ruins the digestion, effects the heart and disturbs the whole nervous system. Grain-O tones up the stomach, aids digestion and strengthens the nerves. There is nothing but nourishment in Grain-O. It can't be otherwise. 15 and 25c. per package.

Chamberlain's Cough Remedy.
This remedy is intended especially for coughs, colds, croup, whooping cough and influenza. It has become famous for its cures of these diseases over a large part of the civilized world. The most flattering testimonials have been received, giving accounts of its good works; of the aggravating and persistent coughs it has cured; of severe colds that have yielded promptly to its soothing effects, and of the dangerous attacks of croup it has cured often saving the life of the child. The extensive use of it for whooping cough has shown that it robs that disease of all dangerous consequences. It is especially prized by mothers for their children, as it never fails to effect a speedy cure, and because they have found that there is not the least danger in giving it, even to babies, as it contains nothing injurious. Sold by C. W. Milhous.

Drink Grain-O.
After you have concluded that you ought not to drink coffee it is not a medicine but doctors order it, because it is healthful, invigorating and appetizing. It is made from pure grains and has that rich seal brown color and taste like the finest grades of coffee and costs about 1/2 as much. Children like it and thrive on it because it is a genuine food drink containing nothing but nourishment. Ask your grocer for Grain-O, the new food drink. 15 and 25c.

Discovered By a Woman.
Another great discovery has been made and that too, by a lady in this country. "Disease fastened its clutches upon her and for several years she withstood its severe tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking first dose that she slept all night; and with two bottles, has been absolutely cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hammick & Co., of Shelby, N. C. Trial bottles free at W. F. Peters' Drug Store. Regular size 50c and \$1.00. Every bottle guaranteed.

WINE OF CARDUI.
A Little Does Much.
No tongue can tell what I have endured in the past ten years with my monthly sickness. While suffering untold agony, a friend called and recommended Wine of Cardui. I sent for a bottle, and Oh! what relief. After the first dose I began to feel better and have had no pain since.
MRS. GRACE LAMPHERE.

WINE OF CARDUI
Wine of Cardui not only cures but it acts AT ONCE. Here is a case of ten years' standing, and yet one single dose made the sufferer feel better, and stopped the pain. The Wine goes straight to the seat of the trouble. It acts directly upon the menstrual and genital organs. Its action is not violent, and it does not force a result. It simply gives Nature that little assistance that the sufferer's system lacks. A single disorder in the feminine organs spreads many disorders all over the body, and when the Wine cures the source, all the other ills vanish as a matter of course. A woman can be her own physician and cure herself at home. Local examinations are largely things of the past—the obnoxious custom is no longer necessary. Wine of Cardui is the only perfectly safe and sure vegetable Wine made to-day for the cure of "female troubles".

Rev. E. Edwards, pastor of the English Baptist church at Minersville, Pa., who suffered with rheumatism, was advised to try Chamberlain's Pain Balm. He says: "A few applications of this liniment gave me great relief and relieved the pain. Should any sufferer profit by giving Pain Balm a trial it will please me." For sale by C. W. Milhous.

IF YOU HAVE KIDNEY BACKACHE

Here Is Five Minutes Good Reading to Rest It On.

It is commonly supposed that everyone knows the symptoms of Kidney complaint, but upon investigation it has been discovered that very few people know them. So, for the benefit of the public at large, we will give you twelve of the most common symptoms. They are:

- First: Kidney Backache.
- Second: Urinary Disturbances.
- Third: Highly Colored Urine or with Sediment.
- Fourth: Scalding or Painful Discharge of Urine.
- Fifth: Frequent Desire to Urinate.
- Sixth: Scantiness or Excessive Discharge of Urine.
- Seventh: Shooting Pain up the Back or Down the Limbs from the Kidneys.
- Eighth: Headache in the back of Head.
- Ninth: Pain in the Groin or Bladder.
- Tenth: Excessive Thirst.
- Eleventh: Bloating of the Feet, Limbs or Body.
- Twelfth: Nervousness, Unrest and Sleeplessness.

Morrow's Kid-ne-oids cure every one of these and in so doing tones up the general system making every person feeling like new. We publish a small booklet called The Vital Question which goes into detail on kidney diseases which is a valuable little volume and is mailed free of charge to any one sending full name and address plainly written, with stamp for mailing. It fully explains kidney disease from its beginning to its ending without leading the reader through large medical phrases and terms which are not readily understood.

The humors of the body are like a clock which keeps all kinds of time or none at all, when it gets out of repair or needs cleaning. The kidneys get just this way; they need cleaning from the fact that they are filters of the system for all liquids that pass through it. Your body needs bathing, your hair needs cutting, your nails need trimming, your teeth need filling, your eyes need glasses and your kidneys need to be kept in a healthy condition if you wish to be HEALTHY. This is a good, common sense argument and you know it. Morrow's Kid-ne-oids are a scientific preparation and cure this disease and we warrant it, or your money back.

Morrow's Kid-ne-oids are small Yellow Tablets (not pills) which makes them easy to take, agreeable to act and just what the system needs to tone it up and expel disease. Alpha Cox, the Druggist, has a fresh stock of them on hand. They cost but fifty cents a box, which makes them within the reach of everyone. Manufactured by John Morrow & Co., Chemists, Springfield, Ohio.
